Gwangju

With a population of 1.5 million, Gwangju Metropolitan City is the 5th largest city in South Korea. Gwangju has never stopped playing a key role in the history of Korea's democracy and human rights movements. In particular, the May 18 Democratic Movement, Gwangju's uprising against the military dictatorship in early 1980s, set an example for the world. Gwangju is a city rich in culture and art, with exhibitions and performances all year around, making the city vibrant and colorful.

Gwangju is designated as an "International Safe Community" by International Safe Community Certifying Centre (ISCCC)

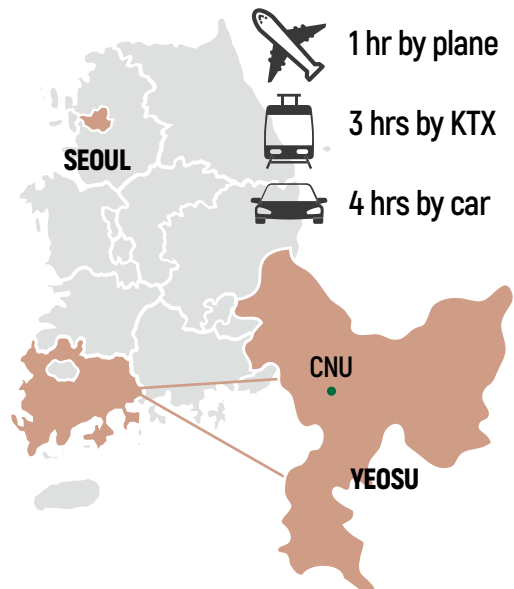

Yeosu

The population of Yeosu City is 284,874 in 126,988 households. Yeosu is the town of patriotic loyalty that richly contains the spirit of the admiral Yi Sun Shin who overcame the Japanese invasion of Korea in 1592 and our ancestors who followed him. Yeosu became the current city after the unification through the proposal by citizens of Yeosu City, Yecheon City and Yecheon-gun on April 1st, 1998.
